SHORT COURSES 2022

QUALITATIVE DATA ANALYSIS WITH NVIVO

Teacher: José de São José [Faculty of Economics/UALG | CinTurs]

Overview: This course aims to introduce participants to qualitative data analysis (QDA) with the support of NVivo software. This three-day course is designed for those who need to acquire basic skills and knowledge to carry out QDA with the assistance of this software. Topics to be addressed are as follows: (1) Multiple approaches to QDA; (2) Thematic content analysis with the "Framework" technique; (3) Using the "Framework" technique with NVivo. The course will be delivered through a combination of taught sessions and practical activities.
