SEMINARS 2022

HOW TO GET PUBLISHED IN HIGH-IMPACT TOURISM AND HOSPITALITY JOURNALS

Key speaker: Manuel Alector Ribeiro | CinTurs Researcher

Abstract: A clear and reasoned presentation of ideas is critical to the success of a scientific manuscript. This seminar discusses the reasons behind publication and examines the structures and the challenges of a scientific paper. This seminar also includes suggestions about how to address the needs of the reviewers, editors, and readers of a journal to improve your chance of publication. The peer-review process—responding to reviews of one's own work—is fundamental to building scientific knowledge. Furthermore, this seminar explains why you should invest time in responding effectively to reviewers' comments.
