

PhD Net Talks

Challenges & Support during
the PhD Journey at UALG

Speaker: Mariana Guerreiro

[UALG/CinTurs PhD Student]

Ph.D. can be challenging and lonely at times. Moderated by the psychologist and Ph.D. student Mariana Guerreiro, who is implementing and evaluating the Peer Mentoring Program of UAlg, this seminar aims to promote a moment of sharing experiences and networking among Ph.D. students. Based on the challenges experienced throughout the Ph.D. journey, UAlg resources will be presented to help students deal with them.
